

SKOOTSTOR BIKE, SCOOTER, DUSTBIN, PRAM & GARDEN EQUIPMENT STORAGE

For safe storage of bicycles, scooters, prams & garden Equipment

Skootstor MiniGarage

The new MiniGarage provides the ideal storage space for 2 bikes. With a height of only 145 cm, it does not require planning approval*.

The intelligent rail system (optional) facilitates the storage of bicycles: place the rear wheel onto the ground rail, hang the handlebar in the extendable upper rail, push into the MiniGarage, finished!

Can also be used for scooters, prams and garden equipment storage etc.

MiniGarage – The multi-purpose modern storage design.

Functional for quick access: the two part opening system with its sliding roller shutters! The metallic silver surface presents itself modern and fashionable.

A maximum of storage space and quality convinces - available in three colours (metallic silver, metallic quartz grey, metallic dark grey) and three sizes (120, 160, 190).

StoreMax is the exclusive storage solution designed for quick access with its effortlessly sliding roller shutters. Compared to conventional storage solutions, the StoreMax does not have a wide open door or an open lid which could suddenly fall back down. The StoreMax can be opened via a two-part roller shutter system. So it is up to you to decide, if you would like to open the StoreMax from the top and/or at the front as you require.

The effortlessly sliding roller shutters which are made out of coated aluminium will not rust or be affected by the weather and so remain permanently ready to use. The spring assisted opening mechanism makes operating it child's play. The robust back and side walls which are constructed from hot-dipped galvanised, polyamide coated steel plate make the StoreMax very robust and hard-wearing.

Advantages

- **top quality:** roller shutters and guide profiles made of coated aluminium, side walls made of hot-dipped galvanized and polyamide coated steel plate
- rainwater proof
- cylinder lock with spare key included
- integrated organiser system and hot-dipped galvanized steel shelf
- all anchors required for securing to ground included
- easy operation with spring assisted roller shutter mechanism
- 20-year guarantee
- Maintenance free
