

SKOOTSTOR BIKE, SCOOTER, DUSTBIN, PRAM & GARDEN EQUIPMENT STORAGE

For safe storage of bicycles, scooters, prams & garden Equipment

Skootstor StoreMax – Can be used for Scooters, prams and garden equipment storage etc.

Our StoreMax is an absolute all-rounder in terms of storage space. In size 190 you can store up to two bicycles in it. The practical roller shutter system allows quick access, without far-reaching doors

The StoreMax offers a maximum of storage room in a small compact space. With the accessory Intermediate floor you can even double your storage space! The StoreMax can be used as a storage for bicycles, scooters, prams and garden equipment etc.

Functional for quick access: the two part opening system with its sliding roller shutters! The metallic silver surface presents itself modern and fashionable.

A maximum of storage space and quality convinces - available in three colours (metallic silver, metallic quartz grey, metallic dark grey) and three sizes (120, 160, 190).

StoreMax is the exclusive storage solution designed for quick access with its effortlessly sliding roller shutters. Compared to conventional storage solutions, the StoreMax does not have a wide open door or an open lid which could suddenly fall back down. The StoreMax can be opened via a two-part roller shutter system. So it is up to you to decide, if you would like to open the StoreMax from the top and/or at the front as you require.

The effortlessly sliding roller shutters which are made out of coated aluminium will not rust or be affected by the weather and so remain permanently ready to use. The spring assisted opening mechanism makes operating it child's play. The robust back and side walls which are constructed from hot-dipped galvanised, polyamide coated steel plate make the StoreMax very robust and hard-wearing.
